

## EX-860E Automatic Book Binder Machine

### Features:

- 1.The imported OMRON relay is used in the high profile, the circuit is more stable and efficient.
- 2.Side glue system can meet different clients' needs.
- 3.it has 12 years stable performance experience, won a great reputation in the market.
- 4.Creative double run high efficiency + low manual operation mode.
- 5.One key to adjust round or square corner pattern, Cover adjustment patent design.
- 6.The system is excellent and efficient, and the maintenance cost is basically 0.

## Specifications

<b>Model</b>	<b>EX-860E</b>
Max length	420mm
Max thickness	60mm
Manual speed	200-280books/h
Automatic speed	250-300books/h
Cover thickness	70P-250P
Warming up time	25mins
Milling cutter	Small milling cutter +Solar knife
Table clamping mode	Eye detection
Power supply	AC220V 50/60Hz
Power	1.8Kw
Machine dimension	1560*620*1100mm
Side glue	Yes
Double cutting knife	No
Machine weight	245Kg
