## TM-390 Full Automatic Envelope Window Patching Machine

### Product description

TM-390 Full Automatic Envelope Window Patching Machine (belong related equipment of envelope making machine) is suitable for patching windows on envelopes with PET PVC PP and so on, VCD bag and non-standard blank paper. It is easy for operation. stable and reliable during patching windows.

# SHANGHAI EX. EXPORT INTERNATIONAL INDUSTRY CO., LTD

The air-suction bottom feeding system ensuring the automatic feeding of non-stop operation of the equipment

The gluing parts adopt the adjustable parts gluing structure, it is convenient for adjustable according to the paper requirement and the gluing position, save the gluing quantity, it is easy for pulling out the gluing parts, convenient for washing.

The knife holder for film sticking adopts the advanced foreign technology with precise and stable die cutting

Adopting the automatic gear shifting to adjust the length of the film and high-speed accurate automatic film sticking unit

## Main Technical

Model	TM-390
Paper weight	80 - 200 g/m <sup>2</sup>
Output per hour	5000 - 18000 pieces
Size ranges paper	Min.90mm x 100mm Max.350mm x 380mm
Size ranges window	Min.30mm x 55mm Max.130mm x 150mm
Connected load	4.5kw
Weight	1200KG
Dimensions	2100x950x1100mm
