ZF-380A Full Automatic Wallet-Packet Envelope Making Machine

Product description:

ZF-380A Full automatic wallet-packet envelope making machine is suitable for producing wallet envelope, pocket envelope, open end envelope, open side envelope, Booklet envelope, Inserting-style envelope, Commercial-style envelope, Diamond-style envelope and many other similar paper bags.

It is characterized by an air-suction paper drawing system, automatic devices for folding, gluing, counting and delivery reasonable structural design, stable performance, efficient mass production and very easy debugging for it.

1. Reliable sheet separation
2. No-stop feeder
3. Easy regulation and paper positioning, accurate paper positioning
4. Ensuring under high speeds.
5. High quality electronic parts.
6. High Production efficiency.
7. Operator Friendly.

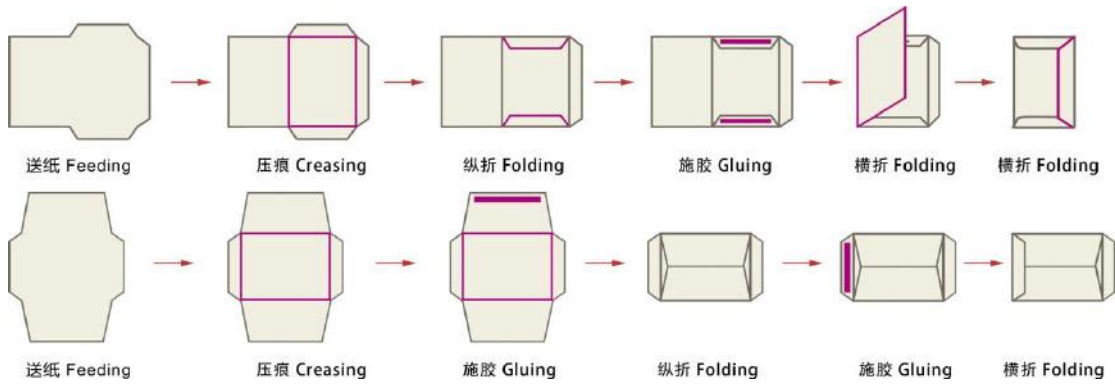

Technical parameter:

Model	ZF-380A	
Paper weight	50 gram - 200 gram	
Capacity	5000-17000 pieces/hour	
Size ranges envelopes	Pocket envelope (optional)	Min.70mm x 70mm Max.230mm x 160mm
	Wallet envelope	Min.70mm x 70mm Max.230mm x 160mm
Total power	4.0kw	
Machine weight	1350kg	
Machine size	3200mm x 950mm x 1200mm
