

ZH-A Series Automatic Folder Gluer With Pre-Fold

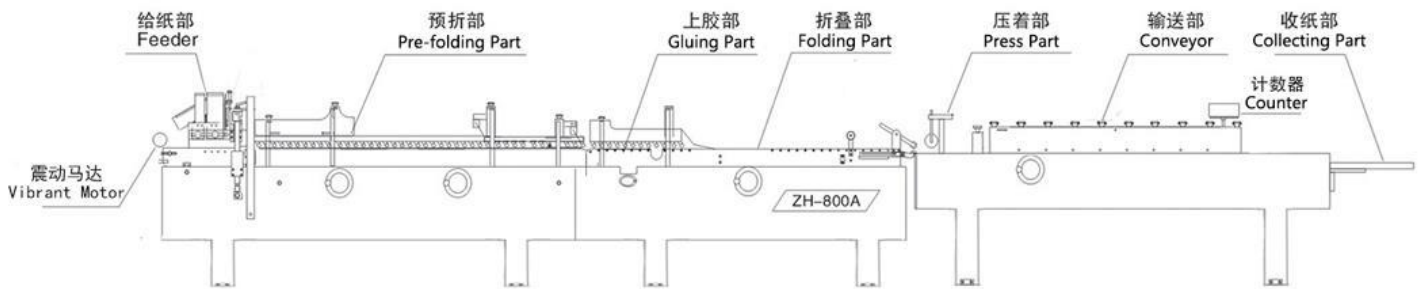

ZH-800A/900A/1000A is a pre-folding folder gluer machine. It folds 1st line 180° and 3rd line 135° to reach the aim of pre-folding. The box can be opened easily with the pre-folding function. It's suitable for the automatic packing machine. It's used for the process of medicine box, wine box and cosmetic box. It's essential equipment in printing industry.

Characteristics:

1. Line speed: 0-220m/min continuous adjustment.
2. Usage paper: 210~600g/m² Paperboard, 3 ply E/F corrugated board
3. Box forming: Either side glues, right or left. 1st & 3rd prefolds
4. Paperboard Feeding: Automatic feeding
5. Way of folding: First, second- and fourth lines fold 180°, third line fold 135°.
6. Binder: Dissolve the type
7. Speed: 6000c/min
8. Electric: 3P 380V, 4.5KW
9. Weight: 2000kg
10. Dimension: 8500 X 900 X 1300 (mm)
11. The counting range: 0-999999(full- automatic)
